

## MOUTHFUL FOR TIGERS

Champions Were Swallowed  
Up Yesterday.

DID SOME LOOSE WORK.

Detroit Bunched Hits in the Eighth Inning and Easily Walked Away With the Game—Other Contests.

Boston, June 17.—The Detroit Tigers bunched their hits off Winter in yesterday's game and won out in the eighth inning. Boston played a miserable game in the field and deserved to lose. The score was five to two.

Both Winter and Mullen allowed seven hits, but the Champions' four errors looked large against the Tigers' errorless game. The home team started the ball a-rolling in the first inning and looked strong. Seibach slammed to right field for two bases and was sacrificed by Parent. Burkett hit to O'Leary and Seibach was run down between third and home. Stahl pierced the atmosphere with a screamer to left and Burkett completed the circuit of the diamond. They looked good for some more runs in the fourth, and one was forthcoming. Burkett singled and Stahl walked. Grimshaw sacrificed. Collins also walked. Then Ferris tied to Cooley, scoring Burkett. Stahl got gay off third and was caught, spoiling the chances.

The Tigers began their meal in the third, when Drill got a hit on a bad bounder to Collins. He was forced at second by Mullin. O'Leary struck out. Mullin decided that it was up to him and started to steal second while Criger was returning the ball to Winter. He got there, and as Winter made a poor throw to second O'Leary kept on to third, from which place he scored on Cooley's single.

A large mouthful was handed out to the Tigers in the eighth, and incidentally the game. O'Leary hit to left and as the ball bounded off Burkett into the bleachers O'Leary went all the way around. Cooley and Hickman singled in rapid succession. Crawford sacrificed. On Coughlin's grounder Collins threw out Cooley at the plate. Schaefer singled, and Hickman and Coughlin scored. Schaefer died in an ambitious attempt to steal second base.

The visitors made it one more in the ninth, when Love walked, Drill sacrificed and Mullin singled.

### DIED OF PNEUMONIA.

Fred J. Smalley of Morrisville, Well-known Business Man.

Morrisville, June 16.—Fred J. Smalley who has been in a very serious condition from pneumonia since last Saturday, died at his home on Congress street Thursday afternoon at about four o'clock. Dr. Maynard of Burlington was called in consultation and two trained nurses have been in attendance, but the case was so serious from the first that little hope was entertained. Mr. Smalley was well-known throughout this vicinity as a prominent and successful business man, having been engaged in the sale of western horses, carriages, farming tools, etc., for some years. He is survived by a wife and three children—a son, Ray, and two daughters, Sadie and Myrtle. Mr. Smalley also has several brothers and sisters in the West. Funeral arrangements are not yet completed, but it is probable that it will be held Sunday if the western relatives arrive in time.

## OF MARY M. ROGERS.

Overlooked in the Past—Governor Bell Sets at Rest All Rumors That He Will Witness the Execution.

Woodstock, June 17.—Sheriff H. H. Peck stated yesterday that he purposed to carry out the execution of Mary Rogers strictly in accordance with the Vermont statutes, certain provisions of which in his opinion had been overlooked on some previous occasions.

According to the sheriff the statutes provide that only twelve citizens of Vermont shall witness the execution and as the officials have no option in the matter arrangements are being made along these lines.

Gov. Charles J. Bell and Sheriff Peck will hold a conference early next week at which final decisions as to who shall comprise the "12 citizens of Vermont" will be reached.

### HE WON'T SEE HANGING.

Gov. Bell Will Not Attend Mrs. Rogers' Execution.

Walden, June 17.—Gov. Charles J. Bell in a statement to the Associated Press yesterday said: "I shall not attend the execution of Mary Rogers. I never had any intention of doing so."

### EXONERATED BY MURDERER.

Mrs. Edwards Frees Greason of Complicity in Killing of Husband.

Reading, Pa., June 17.—Samuel Greason, a negro, was yesterday acquitted of the murder of John Edwards, Mrs. Kate Edwards, wife of the murdered man, whose testimony convicted Greason three years ago, has exonerated him. Edwards was murdered nearly four years ago, and Greason was arrested several months later. His death warrant was issued ten times, and his case developed into one of the remarkable murder trials in this state.

Mrs. Edwards, the mother of Greason's child, is under sentence of death, and it is expected that the governor will fix the date for her execution within a short time. It was postponed several months ago, so that she could be used as a witness at the Greason trial.

### WEAVER TO KEEP ON.

Two Important Arrests Expected in Philadelphia.

Philadelphia, June 17.—Two important arrests, at least, may be made as soon as a result of the revelations made Thursday at the hearing of Select Councilman Frank H. Caven, of the Thirty-fourth ward. The charge, it is expected, will be conspiracy to defraud the city by means of contracts. The two men who may be arrested are a political leader and his chief lieutenant.

With Elihu Root, former Secretary of War and chief counsel for Mayor Weaver present, the Mayor's war board, the advisory committee of fourteen citizens whom he recently named, met in important conference at the Mayor's office yesterday afternoon.

It is understood that Mr. Root has been summoned by the Mayor, and in the presence of the advisory committee the facts brought out by the investigation into city contracts were made clear to him. He was then asked, it is said, if he would advise further prosecutions, being told that upon his decision would hinge the question of whether additional arrests would be made or not. Mr. Root arrived at Broad street station from New York at 12:15 o'clock. He was met by Robert Grier, the Mayor's private secretary, and escorted to the City Hall, where he found the advisory board in session.

At this time former Judge Gordon, of the Mayor's legal advisors; Mr. Auerbach, the New York lawyer, and Magistrate Eisenbrown were in conference near Judge Gordon's office.

### HAY RETURNS FROM EUROPE.

New York, June 17.—With the firm step, the clear eye and ruddy complexion of restored health, John Hay, Secretary of State, has returned from a four-months' trip abroad, arriving on the Baltic of the White Star line.

First to greet him was a special messenger from President Roosevelt, who boarded the vessel at Quarantine and delivered to the Secretary a bulky envelope, which Mr. Hay said was from "my good friend Mr. Roosevelt." What its contents were Mr. Hay did not reveal, but there had been time to send him word from Washington of the agreement to hold the peace conference there.

## MOROCCO MERE PRETEXT

Germany Said to Be Demanding Guarantees That France Will Not Try to Isolate Her by Relations of Close Intimacy With Rivals.

Paris, June 17.—The Figaro says that the conversations which are going on between France and Germany relate to something more than the Morocco question; which is merely a pretext for opening up a general discussion between the two governments. Nevertheless, Germany wants the Morocco question settled before anything else. Should France agree to the international conference proposed by the Sultan of Morocco it is probable, says the Figaro, that the diplomatists would meet in Paris and not in Fez.

Germany desires to obtain from France a guarantee that the latter will not try to isolate her, either by negotiations that would tend to impair the Triple Alliance by relations of close intimacy with Germany's rivals or by other means. Germany desires a plain and exact assurance that France is not and will not be against her.

The Echo de Paris says that Germany asks France to agree purely and simply to the summoning of the international conference on Moroccan affairs. The German government is making it a point of honor to induce France to agree and is becoming pressing on this point. Novier, says the Echo, has asked Prince von Radolin, the German ambassador, for time to reflect.

It is officially announced that Premier Rouvier will retain the portfolio of foreign affairs and will appoint a new minister of finance.

London, June 17.—The Globe, discussing the great European crisis as disclosed in the New York Sun's Paris despatch of Wednesday, says:

"The relations between Germany and France during the last few weeks have been decidedly critical and the crisis is not by any means past. We may go even further and say that but for the extreme self-restraint and self-control of the French cabinet and the French nation Europe might ere this have found itself free to face with another great European war."

"It is the ultimate pretensions of Germany which concern us and which the enormous additions to her maritime strength so strongly confirm. Let it be understood in Germany that we are not going to remain passive while the thunderbolt is being forged against us."

The Pall Mall Gazette says: "The more France gives the more Germany is ready to take. We have now to learn how far Rouvier is prepared to go in the way of concession to German menace, and his answer on the subject of the Morocco conference will be the first test of his squeezability."

The European crisis still further depressed the markets in London and Paris yesterday.

### LOCKJAW FROM GRIEF.

First Case in New York, That of Italian Swindler.

New York, June 17.—What physicians say is the first authentic case here of tetanus trismus, or lockjaw resulting from grief, is that of a young man who arrived from Italy two weeks ago, and was soon swindled out of his \$25 by numerous padrones.

The Italian sat for hours grinding and gnashing his teeth, clenching his hands and cursing the thieves. Five days later his jaws locked. Thus far the doctors have failed to relieve him and he is being kept alive with liquid foods.
